

Spring Time 'Rotor' Promotion

RAIN  **BIRD**®

A BIG DROP THIS SPRING!

50%

Yes, 50% off* your favourite golf rotors in the Rigby Taylor spring promotion

Rotors need replacing? Now is the time to choose Rain Bird for performance and reliability.

The product:

- Select from the leading range of Rain Bird golf rotors, including the 551, 700 and 900 Series in B, E, S & IC models.
- Full circle models are coded 700 and 900
- Adjustable models are coded 551, 751 and 950
- B = Block Rotor, S = Stopamatic Rotor, E = Electric valve-in-head Rotor, IC = IC System valve-in-head Rotor

The performance:

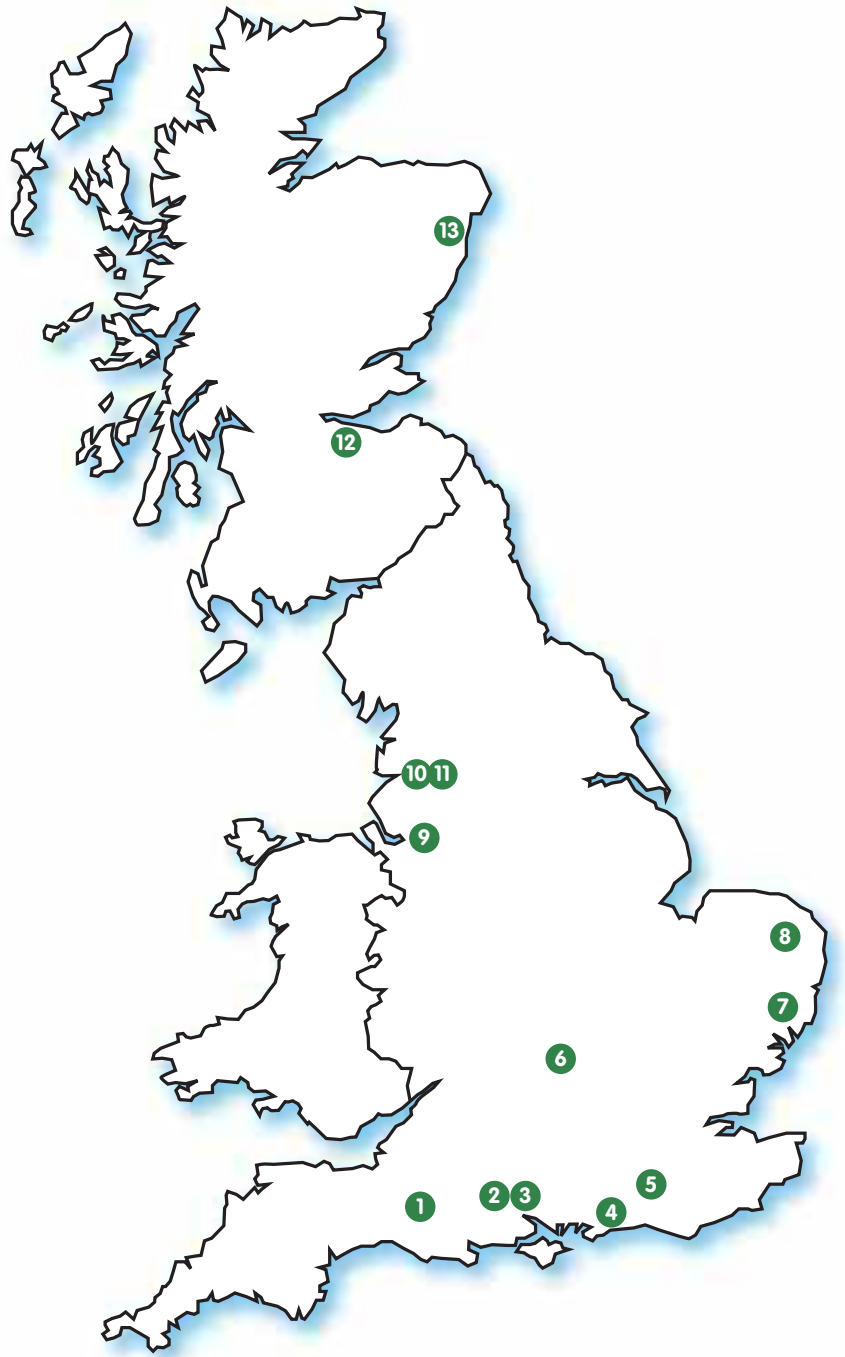

- 551 provides a smaller radius throw (50', 15 metres) – ideal for tees and small greens
- 751 is your standard sprinkler for greens (70', 21 metres)
- 900S is a full circle sprinkler with Stopamatic feature
- 950 is the sprinkler of choice for large throws (90', 28 metres)

Engineered to perform, built to last.
