IN A VALVE, INCLUDING
A LOWER PRICE.**

**RAIN BIRD®
HV VALVE.**

Saves More

Built using features demanded throughout the marketplace at a competitive price point, Rain Bird® HV Valves deliver more value at an affordable price.

LIST PRICE
\$17⁵⁰

Installs Quickly

A more compact design makes installation easier and allows for a more robust operation as compared to competing valves.

Services Easily

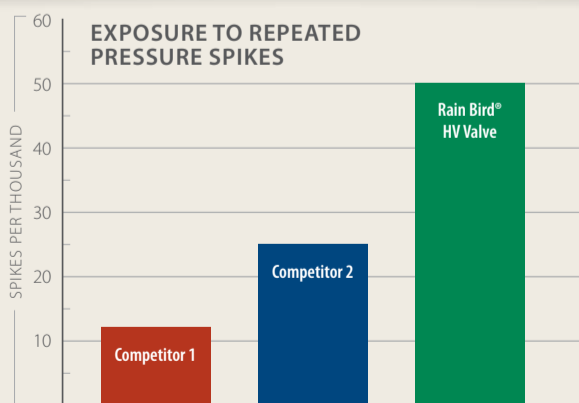

Heavy-duty construction and fewer screws simplify serviceability to ensure hassle-free performance for years to come.

Performs Reliably

This reverse-flow valve is engineered to perform in any condition and is proven to stand up to the diverse watering needs of your landscape.

Withstands Time

Backed by the proven performance of Rain Bird valves, the HV Valve is built to perform in the most challenging environments.

All valves were subject to repeated pressure spikes of 200 psi (13,8 bars).

The value of the Rain Bird® HV Valve can be seen from the inside, out. Scan this QR code with your smart phone to view a demonstration or visit www.rainbird.com/HVvalve
