THE 22-ZONE RAIN BIRD® ESP-SMTe SMART CONTROL SYSTEM: *The End of What If*

Always get the right results with the right amount of water. Based on the weather-based technology used by golf courses, the ESP-SMTe smart control system automatically irrigates your landscape as recommended by the Irrigation Association. Gone are the what if's of time-based controllers.

- Automatically reduces watering based on the amount and intensity of rainfall.
- Soil type, the slope of your lawn, plant type and sun exposure are factored into your watering schedule.
- You enjoy a beautiful landscape, while saving valuable time.
