The Right Choice for Saving Time, Money and Water.

Through innovative Flow Control Technology, Rain Bird® HE-VAN Nozzles offer even coverage throughout the spray pattern, saving water and delivering a healthy, beautiful landscape. These hand adjustable nozzles are ideal for watering landscapes of various shapes, from those tight corners to manicured curves.

These water-saving, high-efficiency nozzles are just the start. We can do a full audit of your irrigation system and identify other solutions to help you save on your water bill.

Call now to see how you can save water and enjoy a more beautiful landscape.
