

# AVOID THE FINES\*

## The Rain Bird WR2-48 Wireless Rain/Freeze Sensor has you covered!

The WR2-48 automatically prevents irrigation for 48 hours when at least 1/4 inch of rainfall is detected. Save water and avoid the fines!

Simple, single-person install.

\*California Executive Order B-29-15 prohibits the application of potable water to outdoor landscapes during and within 48-hours after measurable (1/4" or greater) rainfall.
