

**For 100% Performance, demand 100% Rain Bird**  
That's Intelligent.

The Intelligent Use of Water™

**Rain Bird Services - Freecall 1800 225 512**

## One good decision deserves another

You chose Rain Bird equipment for unsurpassed reliability and performance. Choose Rain Bird Service and guarantee that your equipment continues to operate at the highest level.

### Secure your investment

Rain Bird Service provide the most comprehensive way to keep your Rain Bird equipment performing like new.

For the highest quality in the shortest amount of time, Rain Bird Service is your most efficient choice. With preventative maintenance and field service, we're also your most effective way to save money.

Rain Bird continues to invest in strengthening our service capabilities to provide you with world class support wherever your Rain Bird equipment is located.

### Keep it 100% Rain Bird

As the original manufacturer, only Rain Bird is qualified to keep your equipment functioning at peak performance - day after day, year after year.

Trust Rain Bird to supply genuine parts, and support you with fully factory trained & experienced technicians, plus a global network to minimise your downtime & assist in controlling your maintenance costs.

Only Rain Bird is guaranteed to fix it right the first time, keeping repair times to a minimum, maximising uptime and increasing productivity.

For 100% performance, choose Rain Bird Service. We're here for you!

**For all Service enquiries: Freecall 1800 225 512**

## Comprehensive Service Agreements

Rain Bird offers a competitively priced service agreement designed to help protect your Rain Bird equipment investment. Each plan can be customised to meet your specific needs and budgets.

### Performance Reporting & Analysis

Cover your equipment with our premium options & receive onsite performance reports and analysis of your Rain Bird equipment on a regular basis.

Make informed decisions on capital purchases and maintenance options based on operational data on your equipment performance to date within its product life cycle.

### Peace of mind is critical

Having an effective service agreement in place for your Rain Bird equipment provides you with true peace of mind. Each agreement is designed to eliminate the risk of excessive service expenses and even costlier downtime.

- Maximise repair savings & control service costs
- Maximise uptime
- Improve efficiency

### Your Support Network

When you employ the power of Rain Bird Service, you employ the strength of a full-service support network staffed by highly experienced Rain Bird specialists. Whenever you need them, the following professionals are available on a local and regional level:

#### Customer Service Representatives

#### Sales Specialists

#### Rain Bird Repair Technicians

#### Field Service Engineers

#### Asia Pacific Technical Contact Centre

You've made a sound investment in Rain Bird. Make sure it stays protected with Rain Bird Service. For more information please call your local Rain Bird Representative. Alternatively contact our customer service team on 1800 225 512 or [info@rainbird.com.au](mailto:info@rainbird.com.au)

## Rain Bird Academy Training is the fast-track to irrigation technical knowledge and practices that you can put to use immediately.

Rain Bird Academy Training is a series of extensive and comprehensive technical classes centering on irrigation installation, maintenance, basic design and pumps. Rain Bird Academy Training workshops focus on developing essential knowledge and skills spanning the major irrigation brands and their equipment.

College level irrigation training in days, not months. Students learn to work smarter, not harder to increase

efficiencies, save water and save money. These courses were specially selected to provide you with the practical and technical expertise required to begin installing irrigation systems almost immediately after training is completed.

Rain Bird's Irrigation Training is designed as a practical introduction to irrigation for those in:

- Governments, councils and shires
- Turf and golf clubs and sports facilities
- Landscape industry
- Horticulture
- Agriculture
- Facilities management
